From: Robert Housley, General Manager

Prepared by: Gordon Copley, Director of Finance

Subject: Approve and File the Treasurer’s Investment Report for May 2026

BACKGROUND

Midway City Sanitary District’s investment policy requires a monthly investment report, which includes all financial investments of the district and provides information on the investment type, value, and yield available for all investments. The report also provides the Board of Directors with an update on the balances of the District’s various funds.

Per the State Government Code 53600 et seq., and the Midway City Sanitary District’s (District) Investment Policy, the District may invest up to a maximum percentage of the entire portfolio funds in authorized financial investments.

The following table shows a summary of the District’s authorized financial investments, the yield available as of the preparation of this report, the book and market value of the District’s funds, the percentage of the District’s pooled funds that are invested in each financial investment, and the maximum percentage (or dollar limit), allowable per the State Government Code and the District’s investment policy.

MCS D’s total invested cash as of May 31, 2026, is \$64,348,921.67

Important Disclosures

Important Disclosures

This statement is for general information purposes only and is not intended to provide specific advice or recommendations. PFM Asset Management ("PFMAM") is a division of U.S. Bancorp Asset Management, Inc. ("USBAM"), a SEC-registered investment adviser. USBAM is direct subsidiary of U.S. Bank National Association ("U.S. Bank") and an indirect subsidiary of U.S. Bancorp. U.S. Bank is not responsible for and does not guarantee the products, services or performance of PFMAM. PFMAM maintains a written disclosure statement of our background and business experience. If you would like to receive a copy of our current disclosure statement, please contact Service Operations at the address below.

Proxy Voting PFMAM does not normally receive proxies to vote on behalf of its clients. However, it does on occasion receive consent requests. In the event a consent request is received the portfolio manager contacts the client and then proceeds according to their instructions. PFMAM's Proxy Voting Policy is available upon request by contacting Service Operations at the address below.

Questions About an Account PFMAM's monthly statement is intended to detail our investment advisory activity as well as the activity of any accounts held by clients in pools that are managed by PFMAM. The custodian bank maintains the control of assets and executes (i.e., settles) all investment transactions. The custodian statement is the official record of security and cash holdings and transactions. PFMAM recognizes that clients may use these reports to facilitate record keeping and that the custodian bank statement and the PFMAM statement should be reconciled and differences resolved. Many custodians use a settlement date basis which may result in the need to reconcile due to a timing difference.

Account Control PFMAM does not have the authority to withdraw funds from or deposit funds to the custodian outside the scope of services provided by PFMAM. Our clients retain responsibility for their internal accounting policies; implementing and enforcing internal controls and generating ledger entries or otherwise recording transactions.

Market Value Generally, PFMAM's market prices are derived from closing bid prices as of the last business day of the month as supplied by ICE Data Services. There may be differences in the values shown for investments due to accrued but uncollected income and the use of differing valuation sources and methods. Non-negotiable FDIC-insured bank certificates of deposit are priced at par. Although PFMAM believes the prices to be reliable, the values of the securities may not represent the prices at which the securities could have been bought or sold. Explanation of the valuation methods for a registered investment company or local government investment program is contained in the appropriate fund offering documentation or information statement.

Amortized Cost The original cost of the principal of the security is adjusted for the amount of the periodic reduction of any discount or premium from the purchase date until the date of the report. Discount or premium with respect to short term securities (those with less than one year to maturity at time of issuance) is amortized on a straightline basis. Such discount or premium with respect to longer term securities is amortized using the constant yield basis.

Tax Reporting Cost data and realized gains / losses are provided for informational purposes only. Please review for accuracy and consult your tax advisor to determine the tax consequences of your security transactions. PFMAM does not report such information to the IRS or other taxing authorities and is not responsible for the accuracy of such information that may be required to be reported to federal, state or other taxing authorities.

Financial Situation In order to better serve you, PFMAM should be promptly notified of any material change in your investment objective or financial situation.

Callable Securities Securities subject to redemption prior to maturity may be redeemed in whole or in part before maturity, which could affect the yield represented.

Portfolio The securities in this portfolio, including shares of mutual funds, are not guaranteed or otherwise protected by PFMAM, the FDIC (except for certain non-negotiable certificates of deposit) or any government agency. Investment in securities involves risks, including the possible loss of the amount invested. Actual settlement values, accrued interest, and amortized cost amounts may vary for securities subject to an adjustable interest rate or subject to principal paydowns. Any changes to the values shown may be reflected within the next monthly statement's beginning values.

Rating Information provided for ratings is based upon a good faith inquiry of selected sources, but its accuracy and completeness cannot be guaranteed.

Shares of some local government investment programs and TERM funds are distributed by representatives of USBAM's affiliate, U.S. Bancorp Investments, Inc. which is registered with the SEC as a broker/dealer and is a member of the Financial Industry Regulatory Authority ("FINRA") and the Municipal Securities Rulemaking Board ("MSRB"). You may reach the FINRA by calling the FINRA Hotline at 1-800-289-9999 or at the FINRA website address <https://www.finra.org/investors/investor-contacts>. A brochure describing the FINRA Regulation Public Disclosure Program is also available from FINRA upon request.

Key Terms and Definitions

Dividends on local government investment program funds consist of interest earned, plus any discount ratably amortized to the date of maturity, plus all realized gains and losses on the sale of securities prior to maturity, less ratably amortization of any premium and all accrued expenses to the fund. Dividends are accrued daily and may be paid either monthly or quarterly. The monthly earnings on this statement represent the estimated dividend accrued for the month for any program that distributes earnings on a quarterly basis. There is no guarantee that the estimated amount will be paid on the actual distribution date.

Current Yield is the net change, exclusive of capital changes and income other than investment income, in the value of a hypothetical fund account with a balance of one share over the seven-day base period including the statement date, expressed as a percentage of the value of one share (normally \$1.00 per share) at the beginning of the seven-day period. This resulting net change in account value is then annualized by multiplying it by

365 and dividing the result by 7. The yields quoted should not be considered a representation of the yield of the fund in the future, since the yield is not fixed. **Average maturity** represents the average maturity of all securities and investments of a portfolio, determined by multiplying the par or principal value of each security or investment by its maturity (days or years), summing the products, and dividing the sum by the total principal value of the portfolio. The stated maturity date of mortgage backed or callable securities are used in this statement. However the actual maturity of these securities could vary depending on the level or prepayments on the underlying mortgages or whether a callable security has or is still able to be called.

Monthly distribution yield represents the net change in the value of one share (normally \$1.00 per share) resulting from all dividends declared during the month by a fund expressed as a percentage of the value of one share at the beginning of the month. This resulting net change is then annualized by multiplying it by 365 and dividing it by the number of calendar days in the month.

YTM at Cost The yield to maturity at cost is the expected rate of return, based on the original cost, the annual interest receipts, maturity value and the time period from purchase date to maturity, stated as a percentage, on an annualized basis.

 - 2.1.1. This project consists of reviewing and evaluating existing 2024 CCTV inspection data and NASSCO ratings for approximately 851,187 feet of sewer gravity mains. The consultant will use District-provided ratings and SewerAI videos to assess structural and maintenance conditions and support the District's planning and asset management efforts.

- 2.1.2. The Board approved awarding the contract to the consultant, AKM Consulting Engineers, on February 17, 2026, board meeting.
- 2.1.3. The District meets AKM biweekly to go over the progress.
- 2.1.4. The project will be completed in 4 months.

2.2. Capital Improvement Program (CIP) Project: Sewer Line Rehabilitation Project

- 2.2.1. A Sewer Line Rehabilitation CIP is a planned project to repair or replace aging or damaged sewer pipes, often using trenchless methods like CIPP lining. It improves system reliability, prevents failures, and extends infrastructure life with minimal surface disruption.
- 2.2.2. In NASSCO standards, Rating 5 indicates the most severe condition in sewer infrastructure, signaling critical structural or operational defects that require immediate attention to prevent potential system failure.
- 2.2.3. The Board awarded the project to the lowest responsible bidder, Vortex Services, LLC dba Sancon Technologies, on March 17, 2026.
- 2.2.4. The Contractor finished CIPP lining of 14 out of 35 segments. The project will be completed in 2 months.

2.3. Manholes at Westminster Boulevard and Springdale Street Siphon Project

- 2.3.1. There is a blocked and possibly damaged siphon at the intersection of Westminster Blvd and Springdale St.
- 2.3.2. AKM prepared the construction repair plans and specifications for construction of two manholes to restore the sewer flow.
- 2.3.3. The Request For Bid (RFB) is approved by the Board for advertisement on August 19, 2025.

- 2.3.6. The Project is published on the District's website again and the mandatory job walk was on December 11, 2025, at 10:00 A.M.
- 2.3.7. The Public Bid Opening was on January 20, 2026, at 11:00 A.M. The District has received 4 bids from contractors.
- 2.3.8. The Board awarded the project to the lowest responsible bidder, Big Ben Engineering, on February 3, 2026, Board meeting.
- 2.3.9. The contractor is working on the submittals and the Traffic Control Plans, pending Caltrans permit.

2.4. Updating Sewer Design and Construction Requirements for Sanitary Sewers Project

- 2.4.1. Sewer Design and Construction Requirements are the standards and guidelines that govern how sewer systems must be designed and built to ensure safe, reliable, and efficient wastewater collection and transport.
- 2.4.2. District's Sewer Standards covers system layout, pipe sizing, materials, construction methods, alignment with environmental regulations, and provisions for future growth. These requirements help protect public health, minimize environmental impacts, and ensure that sewer infrastructure remains durable and cost-effective over its service life. Current District's Sewer Standards was approved by the Board on November 2, 2010.
- 2.4.3. This project will be a joint effort between the District and the Costa Mesa Sanitary District (CMSD) to update the standards of both districts.
- 2.4.4. The District and CMSD worked together on the Request for Proposal (RFP), the Scope of Work, and the Memorandum of Understanding (MOU) for this project.
- 2.4.5. The MOU Between the Costa Mesa Sanitary District and the Midway City Sanitary District For Sharing Costs to Develop Agency Standard Specifications and Drawings was presented to the Board for approval on November 18, 2025.
- 2.4.6. The RFP is published by CMSD's website and the deadline for receipt of proposals was on January 23, 2026, at 2:00 P.M.
- 2.4.7. The District and CMSD reviewed the only proposal received and tried to negotiate the total cost with the consultant. Then, the received proposal is rejected.
- 2.4.8. The District and CMSD revised the Scope of Work and issued the updated RFP. Proposals are due by May 13, 2026, at 1:00 PM.
- 2.4.9. Total of 3 proposals have been received. CMSD and MCSD are evaluating the proposals.

2.5. Public Sewer Main Relocation in 7474 Garden Grove Blvd

- 2.5.1. 7474 BP, LLC plans to redevelop the property at 7474 Garden Grove Boulevard by replacing existing industrial buildings with a new 69,477-square-foot warehouse and distribution facility. An existing public 8-inch sewer line and manholes cross the site and conflict with the proposed layout. To resolve this, the Owner proposes to remove the existing sewer facilities and construct a new 8-inch public sewer main and manholes along the western property boundary. Project plans and easement documents have been submitted in accordance with a 2025 Settlement Agreement.
- 2.5.2. The Board approved plans, settlement agreement, and easement on November 18, 2025, for this project.
- 2.5.3. The relocated sewer easement has been recorded.
- 2.5.4. The construction of sewer lines and manholes are completed. The remaining work is grading and adjustment of the manholes to the grade that will be completed by the end of June 2026.

2.6. FOG Program Management and Inspection Services with BMPs

- 2.6.1. The District is launching a FOG Program Management and Inspection Services project to strengthen compliance with its FOG Control Program under Ordinance No. 63. The District hired a qualified contractor to conduct inspections, outreach, tracking, and reporting for about 470 Food Service Establishments, ensuring proper grease control practices, educating owners on BMPs, and reducing FOG discharges to protect the sanitary sewer system.
- 2.6.2. The first round of inspections with BMPs was completed in January 2026.
- 2.6.3. The second round of inspection with BMPs will be performed before the end of the 2025-26 fiscal year.

2.7. Organizing and Scanning Sewer Plans in the plans room

- 2.7.1. The District has begun organizing the sewer plans stored in the sewer room to improve accessibility and recordkeeping. This effort includes sorting and consolidating the plans, scanning them into a digital format, and creating an indexed system for easy retrieval.
- 2.7.2. The project is now completed.

2.8. Emergency CIPP Lining of Sewer Main with Siphon Project in Magnolia Street

- 2.8.1. During monthly hot spot cleaning, District staff identified an issue in a sewer main with a siphon on Magnolia Street, north of Trini Circle, in the City of Westminster. The condition appeared to be the result of structural defects in the sewer main and siphon, which restricted flow and increased the risk of blockage or failure.
- 2.8.2. To address this condition, the District initiated the Emergency CIPP Lining of Sewer Main with Siphon Project on Magnolia Street North of Trini Circle. The Project involved the installation of a CIPP liner along the entire affected segment of sewer main, including the siphon. The affected sewer segment consisted of a 12-inch vitrified clay pipe (VCP) and a 12-inch corrugated metal pipe siphon located between Manhole GM66015 and Manhole GM66014.
- 2.8.3. The District entered into an agreement with Performance Pipeline Technologies, Inc. to perform the Project.
- 2.8.4. The Project is now complete.

2.9. 15th Street Pavement Repair project

- 2.9.1. City of Westminster staff informed the District of pavement settlement on 15th Street, between Pacific Avenue and Beach Boulevard, directly above the area of the District's sewer line improvement project constructed in 2008.
- 2.9.2. To address this condition, the District initiated the 15th Street Pavement Repair Project. The Project involved removing and replacing existing pavement at three locations and adjusting one manhole to grade. The District determined that one potential source of the pavement failure may have been the District's 2008 sewer line improvement construction.
- 2.9.3. The District entered into an agreement with Paulus Engineering, Inc. to perform the Project.

2.9.4. The Project is now complete.

3. Sewer Department Activities

3.1. There were 2 callouts this month.

3.1.1. One callout was for a check valve issue at Willow Lift Station that was resolved.

3.1.2. One callout was for a sinkhole issue in Midway City area from the County. It was determined by the District that the issue is not from the public sewer main.

3.2. There was no new sewer emergency case project this month.

3.3. There was no public sewer system overflow this month.

3.4. 60 hotspot and siphon locations were cleaned this month.

3.5. 43 hotspot locations were checked this month.

3.6. About 51,000 linear feet (9.7 miles) of sewer line were cleaned on the east and/or west side this month.

3.7. 10 sewer inspections were performed this month.

Subject: Consider Adoption of Resolution No. 2026-12, Entitled:

A RESOLUTION OF THE BOARD OF DIRECTORS OF THE MIDWAY CITY SANITARY DISTRICT OF ORANGE COUNTY, CALIFORNIA, ESTABLISHING THE APPROPRIATIONS LIMIT FOR THE FISCAL YEAR 2026-2027 FOR THE DISTRICT IN ACCORDANCE WITH THE PROVISIONS OF DIVISION 9 OF TITLE 1 OF THE CALIFORNIA GOVERNMENT CODE

BACKGROUND

The appropriations limit is the maximum expenditure funded by general tax revenues that a local government can legally spend in a fiscal year. It is calculated annually based on the prior year’s appropriations limit as adjusted for increases in population and price index growth. Midway City Sanitary District (MCSD) has not exceeded this limit since the appropriation limit was adopted by the voters in 1979.

Article XIII B of the California State Constitution (1979), as amended in 1990 by Proposition 111, specifies that appropriations funded by general taxes may increase annually by a factor of the change in California Per Capita Income and the change in population.

DISCUSSION

The California State Department of Finance provides MCSD with information for the appropriations limit calculation each year. The data used to calculate the Midway City Sanitary District’s 2026-2027 limit were the increase in California Per Capita Personal Income of 4.95%, and the Orange County’s population growth of 0.53%. The application of these growth factors to MCSD’s previous year’s limit produces MCSD’s new 2025-2026 appropriations limit (see Exhibit “A”).

FISCAL IMPACT

The 2026-2027 appropriations limit is \$9,879,953.19.

STAFF RECOMMENDATION

Staff recommends that the Board of Directors adopt Resolution No. 2026-12, establishing the appropriations limit for the Fiscal Year 2026-2027 in the amount of \$9,879,953.19.

RES 2026-12 GANN LIMIT

May 1, 2026

Dear Fiscal Officer:

Price Factor and Population Information

Appropriations Limit

California Revenue and Taxation Code section 2227 requires the Department of Finance to transmit an estimate of the percentage change in population to local governments. Each local jurisdiction must use their percentage change in population factor for January 1, 2026, in conjunction with a change in the cost of living, or price factor, to calculate their appropriations limit for fiscal year 2026–27. Attachment A provides the change in California's per capita personal income and an example for utilizing the factors to calculate the 2026–27 appropriations limit. Attachment B provides the city and unincorporated county population percentage change. Attachment C provides the population percentage change for counties and their summed incorporated areas. The population percentage change data excludes federal and state institutionalized populations and military populations.

Population Percent Change for Special Districts

Some special districts must establish an annual appropriations limit. [California Revenue and Taxation Code section 2228](#) provides additional information regarding the appropriations limit. [Article XIII B, section 9\(C\) of the California Constitution](#) exempts certain special districts from the appropriations limit calculation mandate. Special districts required by law to calculate their appropriations limit must present the calculation as part of their annual audit. Any questions special districts have on this requirement should be directed to their county, district legal counsel, or the law itself. No state agency reviews the local appropriations limits.

Population Certification

The population certification program applies only to cities and counties. California Revenue and Taxation Code section 11005.6 mandates Finance to automatically certify any population estimate that exceeds the current certified population with the State Controller's Office. **Finance will certify the higher estimate to the State Controller by June 1, 2026.** Please note: The prior year's city population estimates may be revised. The per capita personal income change is based on historical data.

If you have any questions regarding this data, please contact the Demographic Research Unit at (916) 323-4086.

Attachment A**

- A. **Price Factor:** Article XIII B specifies that local jurisdictions select their cost of living factor to compute their appropriation limit by a vote of their governing body. The cost of living factor provided here is per capita personal income. If the percentage change in per capita personal income is selected, the percentage change to be used in setting the fiscal year 2026–27 appropriation limit is:

Per Capita Personal Income

Fiscal Year (FY)	Percentage change over prior year
2026-27	4.95

- B. Following is an example using sample population change and the change in California per capita personal income as growth factors in computing a 2026–27 appropriation limit.

2026–27:

Per Capita Cost of Living Change = 4.95 percent
Population Change = -0.14 percent

Per Capita Cost of Living converted to a ratio: $\frac{4.95 + 100}{100} = 1.0495$

Population converted to a ratio: $\frac{-0.14 + 100}{100} = 0.9986$

Calculation of factor for FY 2026–27: $1.0495 \times 0.9986 = 1.0480$

Prior to July 1st of each year, the Midway City Sanitary District (District) is required to adopt an annual budget for all funds of the District. The preparation and approval of the budget is a multistep process that concludes with the formal adoption of the budget document by the Board of Directors.

The proposed budget represents a balanced spending plan for the delivery of services and programs to the residents and businesses of the District, as well as proving a legal basis for the expenditure of public funds.

DISCUSSION

Over the past year, we have made significant strides in understanding and anticipating the needs of our diverse customer base and infrastructure needs. The proposed budget reflects a dedication to deepening these relationships by investing in advanced technologies, streamlined processes that prioritize customer satisfaction, and evaluating and implementing advancement of the District's infrastructure and needs in wastewater and refuse collection. Staff's approach in developing the proposed budget is guided by the belief that exceptional service and being proactive versus reactive in protecting the health and safety of the environment and the people we serve is the cornerstone of the District's long-term success.

Innovation and partnerships continue to be a driving force within the District. The proposed budget allocates substantial resources to wastewater and refuse collection, planning/research, and services/program development, ensuring that the District stays at the forefront of industry advancements. By embracing new technologies, forming strong community partnerships, and fostering a culture of continuous improvement, we aim to create services that not only meet but exceed our customers' expectations.

Key initiatives for the upcoming fiscal year include:

1. **Enhancing Customer Experience.** We are committed to refining our customer services practices and enhancing our customer contact platforms that provide seamless and efficient interactions with the public. Additionally, we are committed to adopting sustainable technologies that reduce our environmental impact, further aligning our operations with our stewardship goals.
3. **Infrastructure and Environmental Stewardship.** The District is committed to strengthening and modernizing the infrastructure that supports our wastewater collection and solid waste services while advancing our environmental stewardship responsibilities. This commitment includes investing in resilient, reliable, and sustainable infrastructure; modernizing facilities and fleet assets; and expanding operational capabilities to safely and efficiently meet growing service demands.

Key initiatives include continued implementation of key elements of the Sewer System Master Plan, development of a comprehensive Capital Improvement Plan, rehabilitation and replacement of aging sewer mains and manholes, deployment of advanced smart-cover monitoring technology to provide real-time system data and help prevent sanitary sewer overflows, and enhancement of the District's cybersecurity infrastructure. The District will also continue transitioning portions of its fleet from fossil-fuel-powered vehicles to electric vehicles, supporting both operational efficiency and environmental sustainability.

In addition, the District remains dedicated to responsible environmental stewardship through comprehensive recycling, solid waste diversion, and resource recovery programs. Efforts will focus on enhancing existing services and developing innovative initiatives that reduce environmental impacts through advanced waste management technologies, public education and outreach programs, and collaborative partnerships with local organizations, community advocates, educational institutions, and media partners.

Through these investments and initiatives, the District seeks to develop a resilient and sustainable infrastructure system that supports long-term operational excellence.

Our efforts also include spraying manholes for effective bug and pest control, assessing manholes for composite cover performance, and installing flow monitors. In addition, we are evaluating the completed Sewer Master Plan that will serve as a comprehensive capital repair and maintenance blueprint for the next 5-years.

The size of these budgets is indicative of the breadth, depth and diversity of services, projects, and activities undertaken by the Midway City Sanitary District for public health and safety, quality of life, and infrastructure maintenance.

Revenues by Source

Midway City Sanitary District (MCSD) receives its revenues from a variety of sources. The pie-chart below reflects MCSD’s primary source of funding for District activities. Predominately MCSD’s funding, 45.15% comes from trash and sewer service Fees assessed to users of the sewer and solid waste services MCSD provides. The second highest source of funding is the portion of Ad Valorem Taxes and Pass-thru property tax funds MCSD receives from property owners of the District at 30.05%.

Expenses by Department

The District's budget has traditionally been organized by department. The adopted budget document maintains this approach, providing a detailed narrative and accounting for the District's revenues, expenses, and capital expenditures within each department.

Solid waste accounts for 48.14% of the operating budget and sewer services at 19.82% for a combined total of 67.96%. The remaining 32.04% is for support services including the Board of Directors, fleet maintenance and administration departments.

Midway City Sanitary District Information and Statistics

The Midway City Sanitary District (MCSD) was formed by a vote of the people in 1939 for the purpose of providing the community refuse and sewer services. MCSD is an independent special district of the State of California, formed in 1939 under the Sanitary District Act of 1923. The first meeting of the Midway City Sanitary District Board was held January 13, 1939, at 7:00 P.M. at the fire hall in Midway City.

The Midway City Sanitary District services approximately 99,299 residents within its 10.4 square mile service area of the City of Westminster and the unincorporated area of the County of Orange known as Midway City. The Midway City Sanitary District provides solid waste to approximately 20,510 residences and sewer services to approximately 35,000 residences & businesses.

Midway City Sanitary District is operated by a Board of Directors, General Manager, administrative staff, and field personnel. The Board of Directors is elected by the public and serves staggered four-year terms. The Board of Directors meets on the first and third Tuesdays of each month. The General Manager is hired by the Board of Directors. Midway City Sanitary District currently employs thirty-five (38) employees that work in one of the service categories: administration, sewer maintenance, solid waste, and fleet maintenance.

The Midway City Sanitary District provides wastewater transmission, cleaning of sewage lines, approval of plans, and the inspection of the construction of sewer lines built within MCSD boundaries by developers, and solid waste collection and disposal services to the residents and businesses (via a third-party franchisee, CR&R Incorporated) of the District.

MCSD owns and operates vehicles for the above purposes and owns property on which the MCSD office and truck facilities are located including a garage and other buildings for the purpose of servicing and maintaining trucks and sewer lines. MCSD has contracted with a third party for the collection of commercial solid waste collected in bins.

MCSD recovers the cost of its services through service rates imposed on users of the service. Adopted June 21, 2022 and updated June 2, 2026, the FY 26-27 annual rates for services are \$9.15 per month (\$109.74 per year) per unit for sewer service and \$20.12 per month (\$241.48 per year) per unit for residential three-cart curbside service, and \$4.24 per month (\$50.83 per year) for each additional cart service requested.

Midway City Sanitary District's fiscal year runs for a twelve (12) month period beginning July 1 through June 30 of the following year. The District's budget consists of two separate components, operations, and capital improvements.

Location

Midway City Sanitary District is located with the 22 (Garden Grove) Freeway on its northern boundary and the 405 (San Diego) Freeway on its southern boundary. It is 15 minutes from Disneyland and Knott’s Berry Farm and 10 minutes from Southern California’s beautiful beaches. The John Wayne airport is within ten miles and Los Angeles International airport is 45 minutes away.

GANN APPROPRIATIONS LIMIT

Commonly referred to as the Gann Limit, this was a ballot initiative adopted in 1980, and modified by Proposition 111, which passed in 1990, to limit the amount of tax proceeds state and local governments can spend each year. The Gann Limit now appears in the California's State Constitution as Article XIII B.

The limit changes annually and is different for every organization. Each year's limit is based on the amount of tax proceeds that were authorized to be spent in FY 1978-79 in each jurisdiction and modified for changes in inflation and population in each subsequent year. By law, inflationary adjustments are based on the California Department of Finance's official report on changes in states per capita income or in non-residential assessed valuation due to new construction. Population adjustments are based on the changes in the District's population levels. Each year the Board of Directors must adopt, by resolution, an appropriations limit for the following year. Using the cost-of-living data provided by the State of California, and population and per capita personal income data provided by the California State Department of Finance, MCSD's Appropriation Limit for 2026-2027 is \$9,879,953. A copy of the adopted Gann Appropriations Limit Resolution with calculations, can be found in the Supplemental Information Section on page 44.

Additional appropriations to the budget funded by non-tax sources such as service charges, restricted revenues from other agencies, grants, or beginning fund balances are unaffected by the Appropriations Limit.

BUDGET PROCESS

The budget process is not simply an exercise in balancing one year at a time; it is strategic in nature, encompassing a multi-year financial and operating plan that allocates resources based on identified goals and objectives. The Midway City Sanitary District's budget is prepared on an annual basis and is based on the priorities, goals, and objectives established by the Board of Directors. The budget document communicates how the District invests its revenues derived from user fees and fixed revenue sources to support its mission and its programs.

BASIS OF THE BUDGET

The Midway City Sanitary District (MCSD) is a special district of the State of California and operates as a single enterprise fund. The activities of the enterprise funds closely resemble those of businesses and are substantially financed by revenue derived from user charges.

The basis of accounting refers to the timing of revenue and expenditure recognition for financial reporting. In preparing the budget, the District applies the same methodology. MCSD prepares its budget using the full accrual basis where revenues are recognized when earned, and expenses are recognized when they are incurred. The District's accounting and financial reporting systems are maintained in compliance with Generally Accepted Accounting Principles and standards of the Government Accounting Standards Board.

BUDGETARY CONTROLS

Budgetary controls are maintained by the District to ensure compliance with the annual budget adopted by the Board of Directors. All financial activities for the fiscal year are included in the annual budget. Budgetary control is maintained at the management level for operating budgets, and at the project level for capital improvements. The Board of Directors receives budget updates quarterly.

MCSD's budget is prepared on an annual basis and since the budget is an estimate, at times it is necessary to make adjustments to meet the priorities and needs of the District.

The first milestone in this process is the first quarter budget review. During this process, the District compiles the first three months of actual financial data and projects the final nine months of data to obtain a new 12-month projected budget. The Finance Department compares the 12-month projection to the original budget adopted by the Board of Directors and presents the results to the Board of Directors for review.

The budget is revised when expenditures are anticipated to exceed estimates. A report outlining the reasons for increasing the budget appropriation has been prepared and submitted to the Board of Directors for consideration.

Increases in budget appropriations must be approved by the Board of Directors. Budget transfers affecting personnel and capital outlay must be approved by the General Manager. Reallocations or transfers within a department or project/program require the approval of the General Manager and/or the Director of Finance.

BUDGET CALENDAR

As part of the annual budget development process, the Board of Directors reviews the budget calendar and schedules a series of workshop/study sessions, ultimately resulting in a budget adoption. The workshop/study sessions allow the Board of Directors and the public an opportunity to hear staff's preliminary outlook for the upcoming budget and more importantly to voice priorities, goals, and objectives.

The following budget calendar is presented to aid in the preparation of the budget:

February 17, 2026	Budget Calendar Approved by the Board of Directors
February/March 2026	General Manager/Department Head Meetings – Estimates Due
April 24, 2026	Public Budget Workshop/Study Session

BUDGET ASSUMPTIONS

Every budget includes several estimates and assumptions about what revenues will be available and what conditions will affect the District's operations during the budget year. It is important to list the key assumptions to help establish a context for review of the budget. If a revenue source is decreased or eliminated, expenditures should be reduced in response. Some of the key assumptions are:

REVENUE ASSUMPTIONS

Per the Revenue and Taxation Code section 51, the State Board of Equalization provides to County Assessors the inflation factor to be used in preparing the annual property tax assessment roll. Proposition 13 property tax assessments will be increased in Orange County, due to a positive Consumer Price Index (CPI) inflation adjustment of 2.0%.

1. Property Tax: Overall countywide assessed values are projected by the Orange County Assessor to increase approximately 3.307%. The District will apply a 2.0% increase to property tax revenues for increases in property tax and the additional increase in assessed value to market value when property is sold at a higher value.
2. Trash and Sewer Collection Fees are being budgeted to reflect the current annual rates for service of \$109.74 per unit for sewer service and \$241.48 per unit for residential curbside (solid waste) service.
3. Special Agreements for service(s) are budgeted to reflect an annual increase of 3.0% plus any service fee adjustments.
4. Franchise Fees: MCSD collects franchise fees from CR&R Inc. for solid waste collection of commercial, industrial, and other businesses from MCSD's service area. MCSD's franchise fee is limited to 14 percent (effective July 1, 2014) of the franchisee's gross annual receipts from the service area.
5. Investments: The market remains strong despite international affairs. The District will seek investment opportunities in accordance with the Investment Policy as they arise. Earnings on the investments of the District's operating cash and reserves will be budgeted conservatively with an eye on inflation and if Federal Reserve considers reducing their rates, thereby potentially affecting future investment returns.

EMPLOYEE, MATERIALS, SUPPLIES AND SERVICES ASSUMPTIONS

- 6. Operating, maintenance, and administrative costs are expected to increase because of general inflation. Increases are anticipated among personnel salaries, benefit increases, materials, supplies, and services agreements.
- 7. The budget reflects all departments as fully staffed.
- 8. A Memorandum of Understanding (MOU) for the represented employees went into effect November 5, 2024. Contracted salary increases are included in the budget as part of a three-year agreement.
- 9. MCSD and employees share in the contributions made into a defined benefit retirement plan. Retirement costs for employees enrolled in CalPERS have been assessed at a rate of:

CalPERS						
Employer Contribution Rates	FY 2021-22	FY 2022-23	FY 2023-24	FY 2024-25	FY 2025-26	FY 2026-27
3% @ 60 Tier 1 (closed 2009)	15.25%	15.25%	17.26%	17.33%	17.39%	17.34%
2% @ 55 Tier 2 (Classic-open)	10.88%	10.87%	12.47%	12.52%	12.58%	12.56%
2% @ 62 Tier 3 (PEPRA 2013)	7.59%	7.47%	7.68%	7.87%	7.96%	7.93%

- 10. Other employee benefits and insurances have been budgeted to increase by moderate amounts based on inflation.
- 11. Tonnage (dumping fees) fees are subject to an annual CPI increase each fiscal year. The additional tonnage fees imposed by the County and per the Exclusive Franchise Agreement have been absorbed by the District and not passed through to the District's residential customers. Additionally, there is no tonnage fee on recycled items placed in the blue carts. However, the Waste Disposal Agreement (WDA) between the District and Orange County Waste & Recycle (OCWR) expired and a new successor agreement was approved. The new Waste Infrastructure System (WISE) agreement increased the landfill tipping fees to \$67.00 per ton in FY2027 and \$81.00 per ton in FY2029. A cost-of-service study was performed by IB Consulting and it was determined that these additional costs without offsetting rate increases were unsustainable by the district. As a result, the District has conducted Proposition 218 Process to pass through these additional fees to the customer base.

The table below shows the tonnage cost per ton for each of the different types of waste streams.

Fiscal Year	COLA	Black Solid Waste Container Rate Per Ton	Blue Recycling Container Rate Per Ton	Green Organics Container Rate Per Ton

DEBT FINANCING ASSUMPTIONS

12. The Midway City Sanitary District is currently debt free and has no current plans to issue any debt to fund the Capital Improvement Program (CIP).

RESERVE ASSUMPTIONS

Tracking the District's reserves provides a measure of the overall fiscal health of the District's finances and can be used to help make projections on what capital projects the District can plan for and when.

The budget reserves are summarized as follows and include recommendations for long-term reserve levels:

UNRESTRICTED RESERVES:

13. OPERATING FUNDS:

Operating cash flow is established and maintained to fund the day-to-day operations, maintenance, unforeseen emergencies, unanticipated revenue shortfalls or unexpected expenditure increases.

DESIGNATED:

14. ORANGE COUNTY – MIDWAY CITY (DESIGNATED) RESERVE:

These funds are received from the County of Orange. These funds are for operational and capital infrastructure projects within the unincorporated area of Midway City. This reserve has been established to ensure funds are available for

the replacement, upgrade and refurbishment of the District's sewer lines located in the unincorporated area of Midway City as well as operational costs.

15. BUILDINGS, EQUIPMENT AND FACILITIES RESERVE:

This reserve was established to ensure that the District has adequate funds available for the acquisition, construction, replacement, and maintenance, for infrastructure, land, equipment, and facilities.

16. LIFT (PUMP) STATION & SEWER LINE RESERVE:

This reserve has been established to ensure adequate funds are available for the replacement, upgrade and refurbishment of the District's sewer lines and lift stations. The long-term target for the sewer lines reserve is for the Sewer System Master Plan to be funded from reserves and not from current revenues. The level of reserve will be established as an amount equal to half of the District's sewer assets on the books.

17. SEWER (WASTEWATER) CAPACITY FEE RESERVE:

A Sewer (Wastewater) Capacity Fee Reserve has been established for FY2026-27 as a result of the approval by the Board of Directors on Tuesday, April 7, 2026, to implement this "Buy-In" based Capacity Fee for specific to facilitate equitable and scalable charge for maintaining and expanding the Wastewater infrastructure of the District.

18. COMPRESSED NATURAL GAS (CNG)/EV FUELING FACILITIES RESERVE:

The CNG fueling facility became operational in October of 2015 to support the District's CNG fleet. This reserve was established to ensure that the District has adequate funds available for the future replacement and repair/maintenance of the CNG equipment and facility and for electrical vehicle facilities.

19. VEHICLE REPLACEMENT RESERVE:

A vehicle replacement reserve is established and maintained to ensure adequate funds are available for the systematic replacement and refurbishment of the District's sewer, solid waste, and maintenance trucks and vehicles.

20. EMERGENCY AND CONTINGENCY RESERVES:

May be used for unanticipated and nonrecurring extraordinary needs of an emergency nature, including a natural disaster or calamity and in the event of a declared State of Emergency. The fund may also be used for nonrecurring and

unforeseen needs, unexpected obligations created by state and federal laws, new public safety or health needs after the budget process has occurred, or opportunities to achieve cost saving. It may also be used to cover revenue shortfalls experienced by the District and for cash flow management purposes.

The table below shows the District's reserves designations as of 6/9/2026:

GENERAL/ENTERPRISE FUND

Midway City Sanitary District (MCSD) is an enterprise district, in which operations are financed and operated in a manner similar to private business enterprises where the cost of providing goods and services is financed primarily through user charges. The majority of the revenues are derived from a special assessment (service fees) set annually by the MCSD Board of Directors and placed on the property tax roll. Other revenues are received from property taxes, plan checks and permit fees.

The General Fund is the general operating fund of MCSD. All General Fund tax revenues and all other receipts and user fees are accounted for in this fund. Expenditure of this fund includes operating expenses and capital improvement costs.

Generally, the increase in expenses for capital outlay and improvement projects vary year-to-year in large part due to the District's aggressive plan to ensure current and future services to the customers of the District. The Capital Outlay & Improvement budget will be funded by a variety of financing activities. Capital improvement projects will be funded from unencumbered operating revenues, pass-thru funds, and District capital reserves as needed.

SOLID WASTE DEPARTMENT

Solid Waste Department budgeted for sixteen employees.

The Solid Waste Department provides solid waste collection averaging 150 tons of refuse per day from approximately 100,000 residents within the collection service area. The commercial accounts are serviced by a private refuse collection hauler that contracts with Midway City Sanitary District and pays a franchisee fee to the District to operate within its boundaries.

The field crew provides residential solid waste collection. MCSD services approximately 20,510 residences per week, 67 of which are special service patrons, a bulky pick-up program, mattress and used oil recycling programs, and a Helping Hands Program for our senior and disabled residents.

The special services program is designed for our patrons who are unable to move the solid waste carts to the curb for pickup. The solid waste worker moves the cart to the curb and returns the empty cart to where it is stored.

WASTEWATER/SEWER SYSTEM DEPARTMENT

The Wastewater/Sewer System Maintenance Department budgeted for six employees.

The collection system is operated to transport wastewater collected from residential and commercial patrons of the City of Westminster and the unincorporated area of Midway City to the Orange County Sanitation District for treatment. The water is then recycled for use in the Ground Water Replenishment System (GWRS) or is treated and deposited into the ocean.

The Sewer Maintenance Department maintains and services the MCSD collection system which can collect up to 9.157 million gallons of sewage per day (system wide). The District Sewer Maintenance Operations crew consists of five employees (three Sewer Maintenance Workers, a Pump Mechanic, and one Supervisor/Inspector).

The existing collection system has a replacement value of approximately \$588 million dollars and is comprised of approximately 163.5 miles of gravity flow sewer lines or 863,261 linear feet ranging in size from 6 inches to 18 inches, approximately 2.5 miles of force main sewer lines ranging in size from 6 inches to 8 inches, and four lift stations. All four lift stations were renovated in 2008 and 2009. The existing system also includes 3,361 manholes and 24 inverted siphons. There are approximately 35,840 service connections to the system.

MIDWAY CITY SANITARY DISTRICT PURCHASING POLICIES AND PROCEDURES

**MIDWAY CITY SANITARY DISTRICT
PURCHASING POLICY AND PROCEDURES**

Section 1: Introduction

This policy shall be known as the Midway City Sanitary District's (District) Purchasing Policy and Procedures (Policy). Its purpose is to: establish policies and procedures for the purchase of Goods, Services, and the award of Contracts for Public Works Projects at the lowest possible cost commensurate with the quality needed; exercise positive financial control over purchases; ensure the District complies with state laws governing the award of Contracts for Goods, Services and Public Works Projects; and clearly define authority for District purchases.

Section 2: Administrative Rules and Procedures

The General Manager may issue and enforce such administrative rules and procedures as required and necessary to carry out the intent and purposes of this Policy.

Section 3: Authorization: the Board of Directors

The purchase of any Goods and/or Services having an estimated value greater than \$50,000, and/or award of Contracts for Public Works Projects having an estimated value greater than \$100,000, shall be subject to approval by the Board of Directors. Procurements shall not be artificially split or divided into different individual Contracts so as to keep each Contract amount below monetary thresholds set forth in this Policy. Notwithstanding the foregoing, the General Manager may approve Procurements valued greater than the amounts specified above in emergency situations pursuant to Section 9, Paragraph E, and Section 10, Paragraph 8.11., herein.

Section 4: Specific Authorization for General Manager to Purchase and Enter into Contracts

A. The General Manager is authorized to approve Procurements of Goods and/or Services having an estimated value of \$50,000 or less per fiscal year, and to award Contracts for Public Works Projects having an estimated value of \$100,000 or less, without prior authorization from the Board of Directors. The General Manager shall require that such Procurements be made in conformance with the policies established herein. The Board of Directors may require that the

**MIDWAY CITY SANITARY DISTRICT
PURCHASING POLICY AND PROCEDURES**

General Manager provide periodic reports regarding Procurements made under such authorization to the Board of Directors at a regular meeting.

8. The General Manager is authorized to approve Change Orders or amendments to Contracts for Goods and/or Services for changes or additions to the original scope of Goods and/or Services up to the cumulative amount of ten percent of the awarded Contract amount or \$15,000, whichever is greater, or as otherwise expressly authorized by the Board of Directors. For Change Orders or amendments to Contracts approved by the Board of Directors, the General Manager shall inform the Board of Directors of the Change Order or amendment at the next regular Board meeting after it is authorized. Except as set forth herein, changes to Contracts approved or awarded by the Board of Directors require Board of Directors' approval.

C. The General Manager is authorized to execute agreements on behalf of the District, in a form approved District Counsel, providing for indemnification by the District of the other party to the agreement (a) where the value of the agreement, other than indemnification, does not exceed \$50,000 per fiscal year and Board of Directors' approval of the agreement is not otherwise required, or (b) for the use of public or private property by the District, provided, however, that any such indemnity provision shall be specifically limited to claims, losses, damages, or injuries arising from the Districts use of such property.

D. The General Manager shall have the authority to:

1. Determine the purchasing method(s) to be used, which shall be consistent with this Policy.
2. Procure Goods, Services and/or award Contracts for Public Works Projects required by the District in accordance with the purchasing policies set forth in this Policy and/or as directed by the Board of Directors.
3. Negotiate and recommend the execution of Contracts for the procurement of Goods, Services and/or Public Works Projects.
4. Act to procure the needed quality in Goods and/or Services, along with the award of Contracts for Public Works Projects, at the least overall expense to the District.
5. Delegate appropriate authority to District staff.
6. Endeavor to obtain as full and open competition as reasonable for Procurements.
7. Prepare, update, and implement rules and procedures consistent with this Policy governing the purchase of Goods and Services, and the award of Contracts for Public Works Projects for the District.

**MIDWAY CITY SANITARY DISTRICT
PURCHASING POLICY AND PROCEDURES**

Section 5: *Decentralized Purchasing*

The District's purchasing system is decentralized in order to maintain a continuous supply of Goods and/or Services necessary to support the District's operations and meet the District's obligations to the public. Each Originating Department is responsible for compliance with the District's policies, procedures and any and all applicable laws.

Section 6: *Authorization for Payment(s)*

Authority to approve payments for Goods, Services, and Public Works Contracts *will* lie with the District General Manager, subject to review by the Board Treasurer and approval and/or ratification by the Board of Directors at a Board meeting.

Section 7: *Encumbrance of Funds*

Except in cases of emergency, no Contract or Procurement shall be made for Goods, Services, or Public Works Projects unless an unencumbered appropriation in the current fiscal year budget can be identified, or unless authorized by the Board of Directors.

Section 8: *Ethics*

- A. District personnel shall not accept gifts, rebates, kickbacks, personal services, or in any way incur personal gain from any Contractor, actual or potential, doing business with the District.

- B. No District employee or Board Member shall have a direct or indirect individual interest in any Contract or purchase of goods or services entered into by the District, or shall derive any personal benefit from the District's purchase of Goods and/or Services. Without limiting the foregoing, no District employee or Board Member shall make any Contract, participate in the making of any Contract, or in any way attempt to use his or her official position to influence any decision on any Contract, in violation of Government Code sections 87100 *et seq.* or Government Code section 1090.

- C. No District employee or Board Member shall use the purchasing procedures to obtain property or services for personal use or by misrepresenting to Contractors that personal purchases are for the District (i.e., for the purpose of obtaining price discounts). Notwithstanding the above, Mechanics in the Fleet Maintenance Department may personally purchase their own tools from Contractors which may be used in the maintenance of the District's fleet. These tools are the property of the individual mechanic, and the District has no obligation to purchase or replace tools personally bought by the employee.

Section 9: Bidding, Purchasing and Contracting for Goods and/or Services

**MIDWAY CITY SANITARY DISTRICT
PURCHASING POLICY AND PROCEDURES**

A. \$15,000 or less:

No bidding is required for Contracts for Goods and/or Services of \$15,000 or less, including all applicable taxes and shipping. At the discretion of the General Manager, at least two (2) quotes shall be obtained to ensure the lowest overall cost to the District.

B. More than \$15,000, and up to and including \$125,000:

Except as otherwise provided in this Policy, the following Informal Bid Process is required for Procurements of Goods and/or General (but not Professional) Services, including taxes and shipping, that is estimated to be more than \$15,000, and up to and including \$125,000:

1. Written informal bids or proposals shall be solicited from at least three (3) vendors identified by District staff not less than ten (10) days before bids/proposals are due.
2. When soliciting informal bids or proposals, District staff shall: (1) describe the Goods and/or Services in general terms; (2) advise vendors how to obtain additional information about the Goods and/or Services; (3) state the date, time, method and place for the submission of bids/proposals; (4) for particular Services, advise prospective vendors when the award will be based on the Best Value evaluation as determined by the Board of Directors or General Manager, as applicable; (5) advise vendors that the District may reject any and/or all bids or proposals received, and may waive any minor irregularities in each bid or proposal received; and (6) include any other information required by federal, state or local law, as applicable.
3. If at least three bids cannot be obtained, the Contract may be awarded to the lowest responsible bidder as long as the General Manager or Board of Directors determines that the bid amount is fair and reasonable.

C. Over \$125,000:

Except as otherwise provided in this Policy, a Formal Bid Process is required for procurements of Goods and/or General Services, including taxes and shipping, that is estimated to be over \$125,000. The District shall solicit formal sealed bids in accordance with the following procedures:

1. Publish a Notice Inviting Bids that contains (a) a description of the Goods and/or Services required, (b) a description of the selection process, (c) bidder's security requirement, if applicable, (d) performance bond requirements, if applicable, and (e) such provisions, terms, and conditions, consistent with this Policy, that are deemed necessary, desirable, and/or advantageous to the District;
2. Open the bids publicly at the time and place designated in the Notice Inviting Bids, and record the amount of each bid;
3. Determine whether the bids are responsive to the Notice Inviting Bids; and

**MIDWAY CITY SANITARY DISTRICT
PURCHASING POLICY AND PROCEDURES**

4. Take one of the following actions:
 - (a) Award the Contract to the lowest Responsive and Responsible Bidder;
 - (b) Reject any and all bids presented and/or re-advertise the bid; or
 - (c) Declare that the Goods and/or Services may be acquired at a lower cost by negotiation in the open market and authorize the Procurement in that manner.

5. If two or more bids received are for the same total amount or unit price, the District may accept the one it chooses or accept the lowest bid made by negotiation with the tie bidders at the time of the award.

D. Professional Services

To ensure the selection of Professional Services are based on demonstrated competence and on professional qualifications necessary for the satisfactory performance of the services required, the following procedures shall be followed for the Procurement of Professional Services:

1. \$50,000 or less
For the Procurement of Professional Services estimated to cost \$50,000 or less, the General Manager shall informally request at least two (2) proposals from vendors providing the type of services needed. The General Manager shall engage the most qualified person or firm based upon demonstrated competence and on professional qualifications necessary for the satisfactory performance of the services required, as determined in the sole discretion of the General Manager.

2. Over \$50,000
 - (a) For the Procurement of Professional Services estimated to cost more than \$50,000, a Request for Proposals shall be issued for each Professional Service requested. Multiple projects may be bundled into one Request for Proposals such that multiple Contract awards may result from one Request for Proposals and selection may be based upon specialized services. Each Request for Proposals shall require that proposals contain, at a minimum, the following information:
 - i. The firm's qualifications for performing the proposed work.
 - ii. The firm's relevant experience and performance on similar projects.
 - iii. A fee proposal, based on the method of compensation specified in the Request for Proposal, and an estimate of total fees.
 - iv. The firm's ability to complete the work within the time allotted.
 - v. The personnel that will be assigned to the project.
 - vi. A statement that the firm's engagement for the project would not create a conflict of interest.
 - vii. Any other information required to properly evaluate the firm's qualifications and experience with

**MIDWAY CITY SANITARY DISTRICT
PURCHASING POLICY AND PROCEDURES**

similar projects.

- viii. Proposals for construction management services shall demonstrate that the designated personnel have expertise and experience in construction project design review and evaluation, construction mobilization and supervision, bid evaluation, project scheduling, cost-benefit analysis, claims review and negotiation, and general management and administration of a construction project.
- (b) The District shall publicize each Request for Proposals by one or more of the following methods:
- i. Advertising in the publications of professional societies;
 - ii. Mailing, electronic mailing, or faxing the Request for Proposals to each vendor who has submitted a Statement of Qualifications;
 - iii. Mailing, electronic mailing, or faxing the Request for Proposals to at least three firms qualified to furnish the required services as identified in the Qualified Bidders List or as otherwise identified by District staff;
 - iv. Posting the Request for Proposals on the District website; and/or
 - v. Using other publication methods that may be beneficial to increasing the number of qualified proposals received by the District.
- (c) The General Manager shall evaluate the proposals for the Board of Director's review. In his or her discretion, the General Manager may appoint an evaluation committee to evaluate the proposals.
- (d) • All proposals shall be evaluated and ranked, from most qualified to least qualified, based on each firm's demonstrated competence and professional qualifications necessary for the satisfactory performance of the services required.
- (e) The General Manager may conduct interviews of firms based on the proposal rankings in order to determine final rankings.
- (f) At the Board's Direction, the General Manager shall negotiate a Contract with the firm that the General Manager and/or the evaluation committee deems to be most qualified. If the General Manager is unable to negotiate a satisfactory Contract with the firm deemed to be most qualified, the General Manager shall terminate negotiations with that firm and may negotiate with the firm deemed to be second most qualified. If those negotiations fail, the General Manager shall negotiate with the third most qualified firm, and so on, until an agreement is reached or the General Manager determines that it is in the best interest of the District to reject the remaining firms. If the Board of Directors determines that it is in the best interest of the District, the Board of Directors may award more than one Contract to the most qualified firms or reject all proposals.

E. Emergency Purchases for Goods and/or Services

Where the Board of Directors or General Manager determines that an emergency exists, any one of them may authorize the purchase of Goods and/or Services without following the District's procurement procedures set forth herein, including competitive bidding procedures and/or obtaining contracting approval as otherwise normally required. If the emergency purchase is for Professional Services, such purchase shall be based upon a vendor's demonstrated competence

**MIDWAY CITY SANITARY DISTRICT
PURCHASING POLICY AND PROCEDURES**

and qualifications for the types of services to be performed at a fair and reasonable price. For the purposes of this exception, emergency procurements are those purchases that are required to prevent immediate interruption or cessation of necessary services or to safeguard life, property, or the public health and welfare.

For all emergency purchases that would otherwise require Board of Directors' approval due to contract amount, or which would have otherwise required a Formal Bid Process, the General Manager shall inform the Board of Directors of the Procurement at the next regular Board meeting after the purchase is authorized.

E. Prevailing Wage Service Contracts

Contracts over \$1,000 for certain Services, including, but not limited to, installation, maintenance, repair work, or certain other work done for the District, may be Prevailing Wage Contracts subject to the requirements of Labor Code section 1720 *et seq.* and other laws and requiring the payment of prevailing wages, including, without limitation, requirements that Contractors be registered with the Department of Industrial Relations ("DIR") and maintain certified payroll records, and that for Prevailing Wage Contracts over \$25,000 involving construction, alteration, demolition, installation, or repair work, and Prevailing Wage Contracts over \$15,000 involving maintenance work, the District not enter into or award a Contract to a Contractor that is not registered with the DIR and that the District submit notice of Contract award through DIR's PWC-100 system within 30 days of the award, but in no event later than the first day in which a Contractor begins work. Notwithstanding the provisions of this Policy, for Contracts for Services that are Prevailing Wage Contracts, a Procurement process shall be utilized, which complies with all aspects of state and local law governing Prevailing Wage Contracts, including, but not limited to, the Public Contract Code, Labor Code, State Regulations, Ordinances, Resolutions and Policies of the Board of Directors as may be adopted from time-to-time.

Section 10: Bidding, Purchasing and Contracting for Public Works Projects

A. Adoption of Informal Bidding Ordinance

The District has opted into the Uniform Public Construction Accounting Act (the "Act") pursuant to Resolution No. 2025-14. Bidding, purchasing and contracting for public works projects shall be done in accordance with Ordinance No. 76 adopted by the Board of Directors on September 2, 2025 ("Informal Bidding Ordinance"), and as further specified below.

B. \$220,000 or Less (Informal Bidding)

A Formal Bid Process is not required for Public Works Projects valued at \$220,000 or less. For Procurement of Public Works Projects valued at

1. \$75,000 or Less. At the discretion of the General Manager, Public Works Projects valued at \$75,000 or less either may be performed by employees of the District by Force Account or may be let by negotiated Contract or Purchase Order.
 - (a) Contracts for \$15,000 or Less. Contracts or Purchase Orders for Public Works Projects of \$15,000 or less may be let by the General Manager on the basis of Best Value. District staff shall provide a detailed scope of work to prospective contractors and shall obtain at least one quotation or estimate from a duly licensed and qualified contractor, which includes the payment of prevailing wages if the Contract is a Prevailing Wage Contract.
 - (b) Contracts Between \$15,000 and \$75,000. For Contracts for Public Works Projects between \$15,000 and \$75,000, a minimum of three bids or quotations from duly licensed and qualified contractors that include the payment of prevailing wage shall be obtained, unless the General Manager determines it is infeasible to do so. Such Contracts shall be awarded to the Contractor offering the lowest bid or overall cost and meeting the District's requirements, unless the General Manager determines, in his sole discretion, that, due to the nature of the work or project, it is in the best interest of the District to let the Contract on the basis of Best Value.
2. \$75,001 to \$220,000. Public Works Projects valued at between \$75,000 and \$220,000 shall be let to Contract by informal bidding procedures in accordance with the Informal Bidding Ordinance and State law.
 - (a) Such Contracts must be let to the lowest responsible bidder.
 - (b) The District shall comply with section 22033 of the Public Contract Code, which states, "It shall be unlawful to split or separate into smaller work orders or projects any project for the purpose of evading the provisions of this article requiring work to be done by contract after competitive bidding."

All contractors in an applicable category of qualified contractors on such list shall be mailed a notice inviting informal bids.
 - (c) Pursuant to California Public Contracting Code section 22034(a)(1), notice inviting informal bids shall be mailed, faxed, or emailed to contractors and/or construction trade journals no less than 10 days prior to bid opening.  - (d) If all informal bids received are in excess of \$220,000, the Board of Directors may, by adoption of a

**MIDWAY CITY SANITARY DISTRICT
PURCHASING POLICY AND PROCEDURES**

resolution by a 4/5ths vote, award the contract, at \$235,000 or less to the lowest responsible bidder, if the Board of Directors determines that the District's cost estimate was reasonable.

3. Compliance with Cost Accounting Policies and Procedures Manual. For Public Works Projects performed by District employees or let to Contract pursuant to informal bidding procedures, District staff shall at all times comply with the cost accounting construction policies and

procedures set forth in the Cost Accounting Policies and Procedures Manual.

C. **More than \$220,000 (Formal Bidding)**

1. For Procurement of Public Works Projects over \$220,000, a Formal Bid Process shall be utilized, which complies with all aspects of federal, state and local law governing formal competitive bidding, including, but not limited to, the Public Contract Code, Government Code, Labor Code, State Regulations, Federal Regulations, grant requirements, Ordinances, Resolutions and Policies of the Board of Directors as may be adopted from time-to-time.

 - (c) State the deadline, including date, time and place, for the submission of sealed bids that is at least ten (10) calendar days after publication or posting of the notice;
 - (d) Require bidders to post one of the following forms of bidder's security: (a) cash, (b) a cashier's check made payable to the District, (c) a certified check made payable to the District, or (d) a bidder's bond executed by an admitted surety insurer, made payable to the District;
 - (e) State that a payment bond is required for a Contract for a Public Works Project involving an expenditure in excess of twenty-five thousand dollars (\$25,000) as required pursuant to Civil Code section 9550. For Contracts at or below \$25,000, a payment bond may be required;

**MIDWAY CITY SANITARY DISTRICT
PURCHASING POLICY AND PROCEDURES**

- (i) Advise vendors that the District may reject any and/or all bids received and re-advertise, and that the District may waive any minor irregularities in each bid received;
 - 0) Set forth a procedure that shall be followed in the event of a tie between the lowest Responsive and Responsible bidders;
 - (k) Include any other information required by federal, state or local law, as applicable, or whatever provisions, consistent with this Policy, that the General Manager determines are necessary, desirable, and/or advantageous to the District.
3. Each notice inviting formal bids shall be published in a newspaper of general circulation or posted in at least three public places in the District at least fourteen (14) calendar days before the date for the opening of bids consistent with the requirements set forth in Public Contract Code section 22037.
4. The notice inviting formal bids shall also be sent electronically by either facsimile or electronic mail and mailed to all construction trade journals specified in Public Contract code section 22036. The notice shall be sent at least fifteen (15) calendar days before the date for the opening of bids.
5. Bid Opening:
- (a) Sealed bids shall be submitted to the place designated in the notice inviting bids, time stamped when received, and shall clearly identify the bidder and the name of the project on the envelope.
 - (b) Bidders may modify or withdraw their bids prior to the deadline for submitting bids, without penalty. However, any modifications submitted after the bid opening will not be accepted. Such modification will be returned to the bidder, unopened.
 - (c) Bids shall be opened in public at the time and place stated in the public notice.
 - (d) The General Manager or his/her designee shall open the bids and shall record all bids received.
 - (e) Bids shall be submitted so that they will be received at the place designated in the notice inviting bids not later than the exact time specified in the notice. Any bid received after the exact time specified in the notice shall be returned to the bidder, unopened. A bid shall be considered to have been timely submitted if it is received at any time during the sixty second duration of the minute of the exact time specified in the notice (for example, if the notice provides that the bid is to be submitted no later than 2:00, the bid will be considered timely submitted as long as it is received before 2:01).
 - (f) When a bidder's security is required, it will be announced in the public notice inviting bids. The amount shall be determined at the time of preparation of the bid. When a bidder's security is required, a bid shall

MIDWAY CITY SANITARY DISTRICT PURCHASING POLICY AND PROCEDURES

not be considered unless one of the aforementioned forms of security accompanies the bid. Unsuccessful bidders shall be entitled to return of the bid security within a reasonable period of time, but no later than 60 days from the time award is made.

The successful bidder must execute the Contract and file acceptable documents within thirty (30) calendar days from the date of award unless extended in writing by the General Manager. Failure to execute the Contract shall be just cause for annulment of the award and forfeiture of the bidder's security, not as a penalty, but as liquidated damages. The Board of Directors may, upon refusal or failure of the successful bidder to execute the Contract, award the Contract to the next lowest Responsive and Responsible Bidder.

6. Bid Protests:

- (a) Any bidder claiming that another bidder is not a Responsive and Responsible Bidder shall submit a formal written protest conforming to the requirements of this section to the General Manager or his/her designee in person, by U.S. mail, or to the address and in the manner otherwise specified in the bid solicitation. Any protest not conforming to the requirements of this section may be rejected as invalid.
- (b) Unless a longer period is specified in the request for bids, to be considered a valid protest, a bid protest must be received by the General Manager or designee no later than 5:00 p.m. on the fifth business day after the date of the bid opening. If the fifth business day falls on a weekend or a District holiday, the deadline to submit a protest shall be extended to 5:00 p.m. on the next business day.
- (c) A bidder submitting the protest shall concurrently transmit a copy of the protest to the bidder deemed the apparent lowest bidder and to any other bidder that is the subject of the protest.
- (d) Bid protests must include the name, address and telephone number of the protestor and/or the person representing the protesting party. The written protest must set forth, in detail, all grounds for the protest, including, without limitation, all facts, supporting documentation, legal authorities, and arguments in support of the grounds for the protest. All factual contentions must be supported by evidence. Any matters not set forth in the formal written protest will be deemed waived.
- (e) The General Manager shall review a timely bid protest and transmit a written determination on the protest stating the reasons for the determination to the protesting bidder and all other affected bidders. Such determination may be transmitted by U.S. mail or email and shall be deemed transmitted on the date it is deposited in the U.S. mail or sent via email. The General Manager may base his/her determination on the written protest alone or may informally gather evidence from the person(s) filing the protest or any other person having relevant information.
- (f) If a bidder disagrees with the determination on the protest made by the General Manager, the bidder may appeal the General Manager's determination to the Board of Directors.

**MIDWAY CITY SANITARY DISTRICT
PURCHASING POLICY AND PROCEDURES**

Any such appeal shall be in writing, and shall be filed with the General Manager within five business days of transmittal of the General Manager's determination. The Board of Directors shall not consider award of the Contract until the time for appeal has expired.

- (g) The procedures and time limits set forth in this section are mandatory and are a bidder's sole and exclusive administrative remedy in the event of a bid protest. A bidder's failure to comply with these procedures shall constitute a waiver of any right to further pursue a bid protest and/or legal challenge to the District's award of the Contract.

7. Evaluation of Bids:

The General Manager shall independently evaluate and determine whether each bidder is a Responsive and Responsible Bidder and make a recommendation to the Board of Directors regarding award of the Contract. The Board of Directors shall award the Contract to the lowest Responsive and Responsible Bidder. In determining whether a Bidder is Responsible, the District will take into consideration:

- (a) Ability, capacity, and skill;
- (b) Ability to meet the time requirements;
- (c) Character, integrity, and reputation;
- (d) Previous Contractor experience;
- (e) Financial resources available for contract performance;
- (f) Ability to provide future maintenance and service (warranties), if necessary; and
- (g) Any other criteria identified in request for bids, instructions to bidders or specifications relevant to the trustworthiness, quality, fitness, or capacity of a bidder to perform the Contract.

If the General Manager determines that any bidder is not a Responsive Bidder and/or a Responsible Bidder, the General Manager shall notify the bidder in writing of the basis of this determination and any related information or evidence received from others or adduced as a result of an independent investigation, afford the bidder an opportunity to rebut such determination and/or adverse evidence, and permit the bidder to present evidence that it is a Responsive and Responsible Bidder prior to consideration of award of the Contract by the Board of Directors.

8. Rejection of Bids:

The District reserves the right to reject any and/or all bids, to accept or reject any one or more items of a bid, or to waive any irregularities or informalities in the bids or the bidding process if it is deemed in the best interest of the District, subject to the requirements of the Informal Bidding Ordinance.

**MIDWAY CITY SANITARY DISTRICT
PURCHASING POLICY AND PROCEDURES**

9. Tie Bids:

If tie low responsive and responsible bids are received, quality and service being equal, the District may, at its discretion:

- i. Reject any and/or all bids presented and re-advertise;
- ii. Accept either one or accept the lowest bid made by negotiation with the tie bidders; or
- iii. Award the bid to any one of the low tie bidders by lot occurring during a public meeting.

10. No Bids:

If the District does not receive any bids for a particular project, the Board of Directors may have the project done without completing a further Formal Bid Process, and the Board of Directors may direct the General Manager to award a construction Contract through a Negotiated Procurement.

11. Awarding:

Unless the District rejects all bids, the Board of Directors shall award the Contract to the lowest Responsible and Responsive Bidder. The Board of Directors shall award the Contract during a public meeting. A payment (performance) bond that is no less than 100 percent of the total amount due under the Contract shall be required for all Contracts over \$25,000.

12. Change Orders:

The General Manager is authorized to approve Change Orders for changes or additions to the original scope of services up to the cumulative amount of ten percent of the awarded contract amount, or as otherwise expressly authorized by the Board of Directors. For such Change Orders, the General Manager shall inform the Board of Director\$ of the Change Order at the next regular Board meeting after it is authorized. Except as set forth herein, changes to formal

through Negotiated Procurement if the Board of Directors adopts findings by a four-fifths vote of its members declaring that the public interest and necessity demand the immediate expenditure of District funds to safeguard life, health, or property. Alternatively, the work may be done by day labor under the direction of the Board of Directors, or by a combination of day labor and Contractor. In the event the Board of Directors is unavailable in an emergency, as defined in this paragraph, the General Manager is authorized to enter into a Contract for the repair or replacement of a public facility, take any directly related and immediate action required by that emergency, and procure the necessary equipment, services, and supplies for those purposes, without following the District's procurement procedures set forth herein or in the Informal Bidding Ordinance, including competitive bidding procedures and/or obtaining contracting approval as otherwise normally required. The District shall comply with the requirements set forth in Public Contract Code section 20806 and Public Contract Code sections 22050 *et seq.*, for specified emergencies.

D. Design Build.

Where authorized by the Public Contract Code or other statute, the District may utilize a design-build selection process for the award of Public Works Contracts.

E. Prevailing Wage Contracts for Public Works Projects

Contracts over \$1,000 for Public Works Projects are Prevailing Wage Contracts subject to the requirements of Labor Code section 1720 *et seq.* and requiring the payment of prevailing wages, including, without limitation, requirements that Contractors be registered with the Department of Industrial Relations ("DIR") and maintain certified payroll records, and that for Prevailing Wage Contracts over \$25,000 involving construction,

alteration, demolition, installation, or repair work, and Prevailing Wage Contracts over \$15,000 involving maintenance work, the District not enter into or award a Contract to a Contractor that is not registered with the DIR and that the District submit notice of Contract award through DIR's PWC-100 system within 30 days of the award, but in no event later than the first day in which a Contractor begins work.

Section 11: Other Exceptions from Bidding Requirements

- A. It is recognized that no set of rules or procedures can take every circumstance into account and it is also recognized that occasionally circumstances may arise where it is in the District's best interest to deviate from them. In such cases the department supervisors shall bring the need to the General Manager's attention. The General Manager, on a case by case basis, may waive any of the requirements of this Policy for purchases of Goods and/or Services of \$50,000 or less. The District Board of Directors, on a case by case basis, may waive any of the requirements of

MIDWAY CITY SANITARY DISTRICT PURCHASING POLICY AND PROCEDURES

this Policy for (1) purchases of Goods and/or Services greater than \$50,000 or (2) the award of Contracts for Public Works Projects greater than \$220,000, if permitted by State law.

- B. Where specified in this Policy, Goods and Services may be purchased by, and the award of Contracts for Public Works Projects may be made by, Negotiated Procurement. Negotiated Procurements are permitted: (1) where competitive bidding would be impossible, impractical, or incongruous, or would not result in any advantage to the District in its efforts to contract for the greatest public benefit; (2) in an emergency; (3) when the Goods and/or Services can be obtained from only one source or the price is controlled by law; (4) when the amount involved is \$15,000 or less; or (5) where compelling economic or administrative considerations warrant employment of alternate purchasing procedures. Such considerations may include, but are not limited to, circumstances in which services have been previously rendered by a Contractor who has thereby gained and exhibited unique and/or superior experience and/or expertise in relation to the District's operational requirements. Such procurement shall be negotiated by the General Manager as authorized by the Board of Directors.
- C. No provision in this Policy shall be interpreted or construed to prohibit or prevent the District from renewing or extending existing Contracts for Goods and/or Services, provided that normal procurement procedures were used in the original selection. Renewal or extension of such Contracts obligating the District to any payment exceeding \$50,000 per year shall be subject to approval by the Board of Directors.
- D. When another public agency or government purchasing cooperative organization has awarded a Contract for Goods and/or Services pursuant to a process substantially similar to the processes described in this Policy, the District may acquire such Goods and/or Services on the same or substantially similar terms without conducting its own separate Procurement process. Cooperative and "piggyback" purchasing provides a means for the District to join with other public agencies, businesses, or government purchasing cooperative organizations for the purpose of collectively preparing specifications, and requesting and receiving bids, quotations or proposals, or utilizing the quotations and bids obtained by other governmental agencies. Examples of cooperative or piggyback purchasing include, but are not limited to, purchases made using another agency's contract, joint buying within a regional area, participation in the State of California Multiple Awards Schedules (CMAS) program and statewide commodity contracts and the utilization of contracts negotiated by municipal leagues or organizations such as the California Special Districts Association (CSDA), and California Association of Sanitation Agencies (CASA). The District may enter into Contracts with other public agencies, government purchasing cooperative organizations within the United States, and/or Contractors for this purpose. Any Contract or arrangement for such cooperative purchases shall be subject to approval by the Board of Directors if such approval would otherwise be required. The General Manager shall inform the Board of Directors any cooperative or piggyback purchases made within the purchasing authority of the General Manager at the next regular Board meeting after the purchase is made.

Section 12: Sole Source

Except as otherwise authorized in emergency situations, all Sole Source purchases over \$50,000 require approval by the Board of Directors.

Sole Source purchases shall be well documented and provide verification that a good faith search for competition has been made or that the requested item or service provider is deemed to be the only one practicably available.

Sole Source restrictions may be waived in the event of an emergency in order to protect the health and safety of the community.

Section 13: Solid Waste and Recycling Carts and Bins

Solid waste and recycling carts and bins are typically ordered in bulk to meet the needs of the District and to take advantage of cost savings whenever feasible. A single order for carts or bins may exceed the dollar amount triggering use of an Informal Bid Process as set forth in Section 10. Notwithstanding Section 10, herein, the General Manager is authorized make such purchases so long as such purchases are within the District's approved budget, or unless otherwise directed by the Board of Directors. For purchases under this Section that would otherwise require Board of Directors' approval, the General Manager shall inform the Board of Directors of the Procurement at the next regular Board meeting after the purchase is authorized.

Section 14: Local Preference

For the purchase of Goods and/or Services, excluding Contracts for Public Works Projects, when two or more proposals or request for quotations are the same, in unit, quality, service and total cost, preference may be given to the Local Vendor.

Preference may be given to a Local Vendor if the quote for Services or Goods, including all applicable taxes and shipping, is no more than 5% higher than the lowest bid (quote) received.

Contractors that are organized as a corporation, limited liability company, or other entity under the laws of another state must be properly registered with the California Secretary of State pursuant to applicable law.

It is the policy of the Midway City Sanitary District to reimburse District Board members and employees for actual and necessary expenses related to travel, transportation, lodging, and meals incurred while on official District business. Except as otherwise noted, this Policy applies to all District Board members and employees. This Policy is intended to serve as the District's "Accountable Plan" under the applicable Internal Revenue Code and Treasury Regulations.

II. ACTIVITIES QUALIFYING BOARD MEMBERS AND EMPLOYEES FOR EXPENSE REIMBURSEMENT

A. Board Members

The following types of occurrences qualify Board members to receive reimbursement for authorized actual and necessary expenses incurred in the performance of official duties and/or while on official District business, provided attendance/participation has been authorized by the Board of Directors and the requirements of this Policy are met.

- (1) Meetings with federal, state, regional or county officials regarding legislative or regulatory issues affecting the District and over which the officials have jurisdiction.
- (2) Attending conferences and/or educational seminars designed to improve the attendee's expertise and information levels, including, but not limited to, ethics training required pursuant to Government Code Section 53234.
- (3) Participating in regional, state, and national organizations whose activities or interests may affect the District's interests.
- (4) Attending District sponsored or co-sponsored events and promotional activities.
- (5) Attendance at such other meetings or events or the performance of other such official duties in the interest of the District, which are approved by the District's Board of Directors.

B. District Employees

District employees shall be entitled to receive reimbursement for authorized actual and necessary expenses incurred in the performance of official duties and/or while on official District business, provided attendance/participation has been duly authorized and the requirements of this Policy are met.

Subject to prior authorization of the Board of Directors, the General Manager, Finance/Human Resources Director, and Director of Operations/Safety may attend such conferences, meetings, and events requiring out-of-county travel as necessary in the performance of their official duties.

Other District employees, at the discretion of the General Manager, and upon approval by the Board of Directors, may attend up to two conferences per year. A maximum of eight days will be allowed. Any additional time will be charged to vacation and no expenses will be paid over the eight days. Each employee must check with the General Manager at least two weeks prior to attending a conference to insure that their duties will be covered.

III. EXPENSE AND REIMBURSEMENT GUIDELINES

Reimbursement for all expenses incurred for travel, conference/meeting registration fees, lodging, transportation, parking, meals, and other incidental expenses shall be subject to the guidelines set forth in this Section. For purposes of this Policy, "reimbursement" means all forms of payment for expenses incurred by District Board members and employees in the course of their official duties whether paid directly by the District (including without limitation, with a District-issued credit card) or advanced by District Board members and employees with personal funds and later reimbursed from District funds. Unless otherwise specifically provided herein, reimbursement for travel, meals, lodging, and other actual and necessary expenses shall be at the Internal Revenue Service rates presently in effect as established in Publication 463 or any successor publication. All expenses not covered by this Policy, or which are in excess of the reimbursable rates set forth in this Policy, shall not be reimbursable unless approved by the Board of Directors at a public meeting.

A. Conference Registration and Related Costs

Conference registration should be arranged in advance through the General Manager. All fees for registration, tuition, and educational materials provided at conferences and similar events are reimbursable.

B. Transportation

The most economical mode and class of transportation reasonably consistent with scheduling needs and space requirements should be used, using the most direct and time-efficient route. Government and group rates offered by a provider of transportation services should be used when available if they present the least expensive fare. Public transportation and car-pooling should be utilized when it is practical and less expensive.

1. Air Travel

Air travel to and from a conference/meeting/event location, along with associated airline baggage fees, is reimbursable at coach class level. Reimbursement for first class or business class travel will only be allowed on an exception basis and must be approved in advance by the Board of Directors, based upon the physical needs or ability to conduct meaningful work while on board. All air travel should be arranged in advance through

the General Manager, if possible, and should be arranged as early as possible to take advantage of reduced fares for early reservations.

2. Ground Transportation

- a. Automobile. Travel to and from a conference/meeting/event location via personal automobile is reimbursable at the Internal Revenue Service per mile rate in effect at the time of such travel, provided, however, that such reimbursement shall not exceed the equivalent of 750 miles round trip. The IRS rates are designed to compensate the driver for gasoline, insurance, maintenance, and other expenses associated with operating the vehicle. The IRS mileage rates do not include bridge and road tolls, which shall be separately reimbursable.
- b. Car Rental. Rental vehicles may be used for travel to and from a conference/meeting/event location when use of a rented vehicle is a necessity and is less expensive than other reasonably available means of travel. Itemized receipts must be submitted with vehicle rental reimbursement requests.
- c. Taxis / Shuttles / Public Transportation. Reasonable and necessary charges for public transportation, taxi, or shuttle service associated with travel to, from, or at a conference/meeting/event locations are reimbursable at actual cost with receipts.
- d. Parking. Parking expenses associated with (i) the use of personal or rented vehicles for authorized travel or (ii) airport parking when air travel is utilized are reimbursable at actual cost with receipts.

C. Lodging

Lodging costs will be reimbursed or paid for when travel on official District business reasonably requires an overnight stay. All lodging shall be arranged in advance through the General Manager, if possible. Government and group rates offered by a provider of lodging services shall be used when available. If such lodging is in connection with a conference or organized educational activity, lodging costs shall not exceed the maximum group rate published by the conference or activity sponsor, provided that lodging at the group rate is available at the time of booking. If the group rate for lodging in connection with a conference or organized educational activity is not available, the Board member or employee shall use comparable lodging that is: (a) consistent with the Internal Revenue Service rates for reimbursement of lodging as established by IRS Publication 463, or any successor publication; or (b) at a government rate, if offered by a lodging provider.

Non-reimbursable lodging-related expenses include, but are not limited to, costs for an extra person staying in the room, costs related to un-cancelled reservations, in-room pay-per-view

movie rentals or mini-bar service, laundry service, and non-District business related telephone calls. Receipts must accompany all requests for lodging reimbursements.

D. Meals and Incidental Expenses

Subject to the limits set forth below, actual expenses incurred for meals, telephone gratuities, baggage handling, and other incidental expenses will be reimbursed when incurred during authorized travel or in conjunction with an authorized District-business meeting or event. Meal expenses and gratuities should be moderate, taking into account community standards and the prevailing restaurant costs of the area. All reimbursements sought for meals and incidental expenses should be supported by proper receipts.

Unless otherwise approved by the Board of Directors, Board members and employees shall be reimbursed at no more than the per diem rate set forth below. Where justified under the circumstances, reimbursement of actual expenses in an amount greater than the per diem rate may be reimbursed following review of the Board Treasurer and approval by the Board of Directors at a public meeting. Any amount paid or otherwise advanced by the District for meals and incidental expenses in excess of the authorized reimbursement amount shall be returned to the District.

E. Per Diem Advances

Upon request, Board members and eligible employees may claim an advance in an amount up to \$50 per day (the "per diem rate") for meals and incidental expenses associated with District business where an overnight stay is required. Board members and employees claiming a per diem advance must submit itemized receipts for all meals or incidental expenses purchased with the per diem advance. Any unused per diem advance funds shall be returned to the District within thirty (30) days.

F. Unauthorized Expenses

No reimbursement shall be allowed for the following:

1. Personal expenses, including, but not limited to, expenses incurred for in-room pay-per-view movies, laundry service, barbering or salon services, spa services, or non-District business related telephone calls;
2. Entertainment, except when it is a regularly scheduled part of the conference/meeting/event being attended;
3. The purchase of alcoholic beverages (Note: pursuant to the District's Drug and Alcohol Policy, District employees shall not use or be under the influence of alcohol or any non-prescription drugs while on District business);
4. Travel companion expenses, including spouse, friend, partner, or family member expenses when accompanying a Board member or employee on District-related business;
5. Any additional travel, lodging or other expenses incurred as a result of the election of the Board member or employee to travel to an event in advance or stay longer than necessary on personal business;

6. Political or charitable contributions, including without limitation, any portion of a ticket or pass to an event that is treated or recognized by the event sponsor as a charitable contribution.
7. Expenses for which the Board member or employee receives reimbursement from another agency;
8. Non-mileage automobile expenses incurred, including repairs, traffic citations, insurance, or gasoline;
9. Personal losses incurred while on District business (e.g., theft or property destruction); and
10. Any expense which is not covered by this Policy which has not been approved by the Board of Directors before the expense is incurred.

Any questions regarding the propriety of a particular type of expense should be resolved before the expense is incurred.

G. Reporting

All per diem advance expenditures and expense reimbursement requests must be submitted on an expense report form provided by the District's General Manager. Expense reports must document that the expense in question met the requirements of this Policy. Board members and employees should submit their expense reports within 30 days of an expense being incurred, accompanied by itemized receipts documenting each expense. Receipts for gratuities and tolls \$5 and under are not required, but should be provided if available. Inability to provide such documentation in a timely fashion may result in the expense being borne by the Board member or employee. All reported expenses are subject to verification of accuracy and compliance with this Policy.

Pursuant to Government Code Section 53232.3, Board members shall provide a brief report on any conferences, meetings, or events attended at the District's expense at the next regular meeting of the Board of Directors.

IV. COMPLIANCE WITH LAWS

Board members and employees should keep in mind that some expenditures may be subject to reporting under the Political Reform Act and other laws. All documents related to reimbursable District expenditures, including, but not limited to, expense reports, receipts, and written evidence of direct District advances or payments for expenses, are public records subject to disclosure under the Public Records Act.

Capital assets are tangible or intangible assets used in operations that have useful lives extending beyond a single reporting period (greater than one year).

Examples include, but are not limited to:

- **Tangible assets:** Land, buildings, building improvements, leasehold improvements, vehicles, machinery, equipment, technology systems, and infrastructure assets.
- **Intangible assets:** Easements, water rights, software licenses, patents, copyrights, and internally developed software.

3. Capitalization Threshold:

The District hereby establishes a **capitalization threshold of \$10,000** for any individual capital asset or project.

- Assets with a **cost or value of less than \$10,000** and/or a **useful life of less than two years** shall be **expensed** in the period in which they are acquired.
- Costs associated with **asset improvements** should be capitalized when they meet the capitalization threshold **and** extend the asset’s useful life or increase its service capacity.
- **Routine maintenance and repairs** that do not extend the life or improve service capacity are expensed as incurred.

4. Useful Life Criterion:

All capitalized assets must have an **estimated useful life of at least two (2) years**.

Useful lives should be determined based on industry standards, prior experience, and the nature of the asset.

5. Classes of Capital Assets:

Governments may apply different capitalization thresholds by class, but for uniformity across the organization, Midway City Sanitary District establishes a \$10,000 minimum across all classes unless otherwise specified by policy review.

Asset Class	Threshold	Example Useful Life
Land	All land capitalized regardless of cost	Not depreciated
Building Improvements	\$10,000	10–25 years
Lift Stations	\$10,000	40 years
Gravity Lines & Force Mains	\$10,000	75 years
Resident Containers	\$10,000	10 years
Refuse CNG Station & Facilities	\$10,000	5-25 years
Refuse Trucks	\$10,000	8 years
Other Vehicles	\$10,000	5–8 years
Equipment and Machinery	\$10,000	5–10 years
Intangible Assets (e.g., software, easements)	\$10,000	2–20 years

6. Direct and Indirect Costs:

The total cost of a capital asset includes **all expenditures directly or indirectly attributable** to bringing the asset to its intended use, such as:

- Purchase price (net of discounts and rebates)
- Freight and handling charges
- Installation, site preparation, or testing costs
- Professional services (architectural, engineering, legal, etc.)
- Internal labor costs directly related to construction or development

Indirect costs (e.g., department overhead) may be included if they are clearly allocable to the project.

7. Consistency and Materiality:

- Similar assets should be treated consistently for capitalization purposes.
- When costs of similar items vary due to external or internal cost allocations, the District may capitalize lower-cost assets for consistency if total accumulated cost (including direct labor and indirect costs) exceeds the capitalization threshold.
- Materiality should be considered: items that are clearly immaterial in value should not be capitalized even if they technically meet definitions.

8. Control of Noncapitalized Assets:

Departments must maintain **inventory control procedures** for noncapitalized items that fall below the \$10,000 threshold but are:

- Easily pilferable,
- Critical to operations,
- Sensitive in nature (e.g., computers, firearms, communication devices).

Such items may be included in a **departmental asset tracking system**, even though they are not capitalized for financial reporting purposes.

9. Periodic Review:

This policy shall be reviewed at least every three (3) years or when significant changes occur in accounting standards or organizational operations. Adjustments to capitalization thresholds may be proposed to ensure continued compliance with materiality and reporting relevance.

10. Compliance with External Requirements:

If the government is a **recipient of federal or state grants**, it will ensure that federal capitalization threshold and asset management requirements are observed when they differ from this policy. Where federal requirements are more stringent, the government will apply a stricter standard for federal reporting.

11. Implementation and Responsibility:

- The **Finance Department** is responsible for administering this policy, ensuring compliance, and maintaining records of all capital assets.
- **Department Heads** are responsible for identifying and reporting asset acquisitions, improvements, and disposals in accordance with this policy.
- **Internal and external auditors** may review capitalized and noncapitalized items to ensure adherence to this policy.

12. Effective Date:

This policy is effective July 1, 2026 and supersedes all previous policies on capital asset capitalization.

13. Additional Midway City Sanitary District Procedures:

When dispositions occur, the Finance Department will be notified by the various departments. In addition, the District will perform an annual inventory of their capital assets to determine if assets should be written off/disposed of. The Finance Director and General Manager (GM) oversee all dispositions. The District uses Asset Keeper to track depreciation. Proceeds are recorded and calculated in QuickBooks for gains/losses. The Finance Director will record the JE and GM review.

There is no set policy for dispositions (other than in the Purchasing Policy). Assets are maintained in Asset Keeper, which also calculates depreciation. A physical count for capital assets is performed annually except for trash containers, as this would not be possible since they are at the residences of citizens. When dispositions occur, Finance will be notified by the various departments. In addition, the District will perform an annual inventory of their capital assets to determine if assets should be written off/disposed of. Finance Director and GM oversee all dispositions.

Construction in Process (CIP) is tracked in QuickBooks and once the project is completed, the asset is moved to a capital asset account and entered the asset tracking program.

AGENDA ITEM 9E

Date: June 16, 2026
To: Board of Directors
From: Robert Housley, General Manager
Prepared by: Robert Housley, General Manager
Subject: Discuss and Consider Supporting Four City of Westminster CDBG Cleanup Events and Provide any Additional Direction Regarding the Scope and Implementation of the District’s Participation

BACKGROUND

The Midway City Sanitary District (District) provides solid waste and sewer services to more than 100,000 residents and businesses within the City of Westminster and the unincorporated community of Midway City. To help maintain a clean and safe community, the District hosts five large-scale bulky item cleanup events each year at various locations throughout its service area. The District partners with its exclusive franchise hauler for the cleanup events. CR&R provides the bins, and the District pays the weight-based tonnage costs to CR&R. These cleanup events cost the District an average of \$1,000 per event in tonnage fees.

These events give residents a convenient opportunity to properly dispose of unwanted bulky items that cannot fit in standard collection carts. By providing accessible disposal options, the District helps reduce illegal dumping and the abandonment of items in alleys, streets, and along curbs. The cleanup events play an important role in enhancing neighborhood appearance, protecting public health, and preserving the overall quality of life within the community.

DISCUSSION

The City of Westminster's Public Works Department has contacted the District to request the District's participation in four neighborhood cleanup events planned throughout the City. Specifically, the City has requested that the District provide four 20-yard dumpsters to support each of these community cleanup efforts. The tentative dates for the four neighborhood cleanup events are listed below:

July 11 th	7542 Amarillo Drive (East of Hoover)
July 25 th	Sigler Park
August 8 th	Westminster Park
August 22 nd	Bowling Green Park

These neighborhood cleanup events will be similar to the District’s bulky cleanup events are, where residents can drive up to the bins and discard their unwanted items. The location of the cleanup events is attached. The Midway City Sanitary District

FISCAL IMPACT

The total fiscal impact to support the City's cleanup events would potentially be \$4,000.00.

Haul + Disposal \$210.16 per bin
Process Rate Per Ton \$88.22

STAFF RECOMMENDATION

Staff recommends that the Board of Directors discuss and consider supporting four (4) City of Westminster CDBG cleanup events and provide any additional direction regarding the scope and implementation of the District's participation.

Hi, Tuan.

Are you looking for help with persons/bodies or help with other resources such as bins? What does the cleanup event entail? Let me know and I'll see what we can do to help support. Just an FYI that we are also have a large district wide bulky cleanup and shredding event scheduled for Saturday, July 18 at our main district yard.

THINKING INSIDE THE BOX:

How Tough Times Fuel True Creativity and Innovation

Kyle Scheele, Innovation and Leadership Speaker, Champion of Crazy Ideas, Accidental TikTokker (3M+ Followers), Author

Sponsored by: SDRMA

We've all said it: "If only I had _____, then I could do _____."

We're convinced that the only thing standing between us and our best work is more money, more time, more resources, more buy-in, a better team, a better boss, a better piece of software... the list goes on.

But the truth is, real creative work thrives within constraints.

True creative work exists in the gap between what you have and what you think you need. After all, if you had everything you needed, you wouldn't need creativity at all.

True creativity showed up when the Apollo 13 astronauts had to make square filters fit round tubes. It showed up when a global pandemic made in-person work a liability. And it'll show up for you too, once you let go of your misguided beliefs about what true creativity requires.

In this talk, Kyle will:

- ▶ Show how constraints are the breeding ground for creativity.
- ▶ Identify the difference between constructive constraint and restrictive constraint.
- ▶ Help reframe the constraints in your organization and find the solutions you've been searching for.
- ▶ Walk through tools and exercises to break through creative blocks.

Awards Presented:

- ▶ SDRMA Safety Awards
- ▶ SDLF Transparency Certificate of Excellence
- ▶ SDLF District of Distinction

All registered conference attendees welcome.

Emergency and Disaster Preparedness for Board Members

Michael Saunders, Georgetown Divide Public Utility District

This session provides board members with a practical overview of how to prepare for, respond to, and recover from emergencies and disasters. Participants will explore steps they can take now to position themselves and their agencies for an effective response, including key policies and plans that should be in place and personal preparedness considerations. The session will cover the board's role before, during, and after an emergency; how responsibilities—particularly those of the Board President—may shift during a crisis; and best practices and strategies for communication, including working with staff and the public. The goal is to ensure board members understand their governance role, support management appropriately, and can navigate their district before, during and after an emergency.

Hiring Retirees the Right Way

Steven Berliner and John LaCrosse, Liebert Cassidy Whitmore

With workforce shortages and institutional knowledge loss accelerating, public agencies are relying on retired annuitants as a practical solution more than ever. But rehiring retirees comes with a thicket of legal requirements, from strict limitations on the work they can perform to the 180-day sit-out rule, plus limits on hours and wages. This session walks through what you can and can't do under the law and CalPERS' guidance, plus CalPERS enforcement

procedures and penalties. The presenters will share their extensive experience in these matters, offering practical tips and best practices for structuring assignments that meet your agency's needs without putting retiree pensions or agency compliance at risk.

We'll go beyond boilerplate investment policies to tackle the liquidity vs. yield tension, how to update policies in volatile markets, and what auditors and rating agencies are really looking for.
